## Panel 1

# WALL STREET ON-CHAIN THE NEXT ERA OF TOKENIZED CAPITAL MARKETS

### Focus:

Tokenization is moving from experimentation to real-world market infrastructure. As equities, funds, Treasuries, and other financial assets move on-chain, how will tokenization reshape the way global capital markets trade, settle, and operate?

### Key Themes:

Tokenized securities · 24/7 capital markets · On-Chain liquidity · Market structure & interoperability · RWA · Investor access & protection

**Duration:** 40mins

## Panel 2

# STABLECOINS GO MAINSTREAM FROM SETTLEMENT TO REAL-WORLD PAYMENTS

### Focus:

Stablecoins are moving beyond settlement to become real-world payment infrastructure. What will it take to scale adoption across global businesses, platforms, merchants, and everyday transactions?

### Key Themes:

Cross-border payments · Merchant acceptance · Stablecoin-powered cards & payouts · Global payment rails · Enterprise adoption · Everyday utility

**Duration:** 40 mins

# WE ARE LOOKING FOR SPONSORS

## Package Overview

| ★ Category / Tier        | 👑 Title Sponsor (Gold)                                                                                                                                                                                                       | 🛡️ Co-Host (Silver)                                                                                                                                                     | 🏆 Primary Partner (Bronze)                                                                                                                        |
